

## JOB DESCRIPTION

**Job Title : Post-Doc in behavioral finance / experimental economics**

### Job Summary :

The post-doc will work on a research project on entrepreneurs' rationality, which aim is to develop an experimental protocol of validation of a survey on entrepreneurs' cognitive bias.

The post-doc is required to have a background in experimental economics and eventually to have worked on entrepreneurial related issues and to be fluent in English.

### Job Description :

The post-doc will work on a research project on entrepreneurs' rationality under the supervision of Anaïs Hamelin and Marie Pfiffelmann.

The post-doc main task will consist in developing an experimental protocol of validation of a survey on entrepreneurs' cognitive bias.

More precisely this consists in :

- Reviewing the literature on cognitive bias and their measurements and the literature on entrepreneurs' cognitive bias.
- Designing the survey on entrepreneurs' cognitive bias.
- Developing the experimental protocol of validation of the survey by leading simultaneously laboratory experiments and survey administration.
- Participate to the administration of the survey to entrepreneurs.

Moreover the post-doc will be required to participate to the organization of a workshop on entrepreneurial finance and to support the research team in the setting up of research projects.

Therefore, the post-doc is required to have a background in experimental economics and eventually to have worked on entrepreneurial related issues and to be fluent in English (French is not required).

The post-doc will join the LaRGE research Center directed by Laurent Weill, which is the research center in finance and behavioral finance of the University of Strasbourg (website: <http://large.em-strasbourg.eu/presentation-/presentation-22957.kjsp>).

**Main research field : Economics**
